

COUNTY OF YORK

MEMORANDUM

DATE: February 23, 2001 (BOS Mtg. 03/06/01)

TO: York County Board of Supervisors

FROM: James O. McReynolds, County Administrator

SUBJECT: Approval of Procurement Action

The attached resolution provides for the approval of County purchases by the Board of Supervisors in accordance with its policy for procurements of over \$30,000. The Board's approval is requested for procurement of the following:

Sand – An Invitation for Bids (IFB) was issued and advertised for an annual contract ("call" contract) to provide sand, as needed, for the enhancement and stabilization of the Yorktown beachfront area. Its purpose is to add beach nourishment and vegetation plantings within the embayments and shore areas along the Yorktown waterfront's protected and recreational beach between the old Post Office pier and Comte DeGrasse Street. This sand replenishment will help limit overwash during high water storm events and provide the basis for long term development of a well vegetated backshore area. Only two bids were received and opened in public. The successful bidder was Coastal Design and Construction Inc. with a (delivered) unit price of \$22.95 per cubic yard. The amount budgeted for this project is \$110,000. Once this amount is spent, a grant from the State Beach Board will reimburse the County \$54,562.50 of the total cost.

This procurement has been conducted in accordance with State procurement laws and/or County procurement policy and I recommend that it be approved through the adoption of Proposed Resolution R01-46.
